

The Advocate

Letter From The President Michael T Anzalone CWD CPI

I would like to wish everyone a wonderful new year and extend my hopes for a positive and prosperous 2021. I apologize and am saddened that we will not be able to have our annual convention in Mesquite, Nevada this year. I feel the convention is one of the best things our association does, being able to get together, talk with friends, share ideas, and play some golf, not to mention the other fun activities we get to do. The Mountain States Convention in Laughlin, Nevada was also cancelled.

What a strange and uncertain time this is in our world, country, and profession. There are many different opinions concerning what is going on in our world. We don't all agree on everything going on in our country. There has definitely been a political divide. Whether you are right or left, we should all think and make informed decisions with our own

Mark Your Calendar

- Feb 11-12, 2021 Mountain States Groundwater Expo
- June 10-12, 2021 UGWA Annual Moab PED & Summer Retreat
- December 14-16, 2021 NGWA Groundwater Week
- January 5-7, 2022 UGWA Annual Conference & Expo

YOUR MEMBERSHIP MATTERS

Join/Renew Today!

A TEAM: Drillers, Pump Installers, Geologists, Engineers, Manufacturers, and Suppliers, all combined make up a very specialized group of individuals. Highly experienced and knowledgeable in their trades, these individuals are what make the UGWA the most valued Team of experts in the Ground Water Industry.

As a member of the UGWA, you will have many opportunities to network with other members, share ideas, techniques, and in some cases, even equipment. To build friendships that will last a lifetime and relationships that will ensure a strong and stable future for your business and interests in the Ground Water Industry here in the Great State of Utah.

IMPORTANT NEWS

We recognize many of you renew with your Annual Conference registration and may have let your membership lapse. We are offering 1x only lapse forgiveness for those who have expired Dec 1, 2020 thru Jan 31, 2021.

If you renew before Feb 28, 2021 we will back date your renewal to remove any lapse in membership. This is important for those who wish to qualify for this year's scholarship application.

President's Letter Continued

minds. We need to be true to ourselves. We should be the better person and not be judgmental or hateful to those who don't agree with us. We can stand for what we believe without doing that.

Without the convention there are still many ways to get your CEU's for license renewal. The Division of Drinking Water offers many classes on YouTube you can watch and receive credits. In addition, many pump suppliers are providing classes that will give you necessary credits. Talk with your supplier to see if they are doing any of these credit opportunities. I was recently informed that Mountainland Supply will be doing some of these in February. Get in touch with them if you want more information on what they are offering.

Looking ahead, I sincerely think and plan that our annual Moab, Utah get together will happen and be better than ever. I will keep everyone informed as soon as I get any information on this fun and highly anticipated event. I would love everyone's input on what they would like to do for the Saturday activity. What have been your favorite things we've done in the past?

I'd like to share with you all something I have thought about many times this year as I've gone through my own struggles. Sometimes life gets the best of us, sometimes things get difficult, but with perseverance and a positive outlook, the best is yet to come. You will never be dealt a hand you cannot win. You may not know how when first presented, but in time it will fall into place. We all have our down moments and sometimes have a hard time overcoming them. We just need to be grateful for what we have and push forward. We make ourselves happy. Enjoy life and your family to its fullest. Appreciate the small things. We never know when it's our time to go. Life is a journey, not a destination.

JOKE OF THE MONTH:

What did the wife say to the well driller? *"Sometimes You're Boring"*

Need Continuing Education Credits?

If you need continuing education (CE) credits to maintain your driller and/or pump installer license and are not sure what to do since the Mesquite 2021 UGWA convention has been cancelled, there are numerous other opportunities to get CE credits.

Due to the pandemic, Jim Goddard and the Utah Division of Water Rights DWR are more flexible in accepting applicable online training for CE credits. The DWR has numerous training videos that are accessible from their website www.waterrights.utah.gov, the direct link to the videos on their You Tube channel is here:

(www.youtube.com/channel/UCLhX3rovw8Do_oU-AIybtWA).

If these videos don't interest you, there are other online trainings that are approved by the DWR. You can contact [Jim Goddard](#) directly for help and any questions you may have.
