

The Advocate

Letter From The President Casey Curtis

Greetings fellow groundwater associates. I want to introduce myself to those of you that may not know me yet. My name is Casey Curtis. I was born and raised in Utah, starting my journey in Vernal and then moving to Provo where I spent my school years and into my 20's. I stayed in Utah County until my profession at the time (brick and stone mason) took me to Idaho where I lived for about 12 years. But Utah called me and my family back home 5 years ago.

I ran my own masonry company until 2010 when the results of the housing market crash finally forced me to find another profession. This is when I found drilling and fell in love with the industry. I have worked for a few different drilling companies, from global to regional and primarily in the mining sector. Roughly 6 years ago I was given the opportunity to see the corporate side of the drilling industry where I went from the back of the drill rig to the office, preparing proposals and doing business development.

- A. CONTRACTOR/PUMP INSTALLER** Any person doing business and licensed to drill, either water wells, ground water monitoring and/or licensed to install ground-water pumping equipment.
 - B. MANUFACTURER/SUPPLIER:** Any person engaged in the manufacturing of equipment, or materials used in the ground water industry or engaged in the sale of equipment or supplies associated with the ground water industry.
 - C. TECHNICAL:** Any hydrologist, geologist, or engineer involved in teaching, research, consulting and or government services associated with the ground water industry.
 - D. ASSOCIATE:** Any person engaged in the support of the UGWA who does not accurately fit in any of the above.
-

President's Letter Continued

It was a tough transition from being covered in mud and oil every day to having to dress for an office setting, but it is where I found my passion – working with people. I feel truly lucky to have so many colleagues and friends in this industry.

I am also blessed with 5 children that are my fault, as well as helping to raise 2 others. We were the Brady Bunch but without an Alice. Most of them are grown now and so far have given me 9 grandchildren in total. Our family enjoys everything the outdoors has to offer. Some of our favorite things to do are hiking, camping, spelunking, exploring, and riding anything with an engine and goes fast.

We owe Mike Anzalone a huge thank you for his service as the last President of this great association. Not only did he serve the traditional 2 years, but he also served an extra year due to the uncertainties that Covid brought us. Mike did a great job as President, and it has been a pleasure for me to get to know him over the last few years. I hope to get to know each of you as our members better during my term as President and far beyond.

Thank you to everyone that was able to attend our annual conference in Mesquite this year. It is difficult for some to know whether attending is the best option with so much uncertainty around us during this pandemic, but it was great to see so many familiar faces as well as a few new ones. It has been difficult as board members to make the decisions that determine what we do regarding in-person meetings. We always hope that we truly represent the association and its members the best way possible.

As a reminder, the Mountain States Groundwater Association annual conference is just around the corner. To those that have not been before, the conference is held in Loughlin, Nevada and will be held on February 10-11th. This year will be exceptionally exciting. For the first time, we are going to raffle off a Polaris 4-wheeler, complete with a trailer and all taxes are paid by the association! You could potentially take home this brand-new machine for as little as \$20!! There will only be 2000 tickets sold so your chances of winning are pretty good.

We are trying this out in hopes of generating more revenue for each State's scholarship funds since last year all the conferences were cancelled, and the scholarship auctions that usually raise the money didn't happen.

The scholarships our associations can give out each year are vital to the students that apply for them, and our goal is to raise as much as possible in order to help as many kids as we can. I hope to see many of you there.

I am grateful to be the incoming President of this association and I hope to serve you well. I am learning as I go here so, please don't hesitate to offer any suggestions along the way. This association isn't just the board making all the decisions. This association is all of you, It's all of US. It is our duty as representatives of this association to listen to what our members have to say. So please don't be afraid to speak up. I look forward to the next couple of years as the President and the challenges that come with it.

Sincerely,
Casey Curtis
President UGWA

UGWA Scholarship Program

Instructions for Application

The UGWA Scholarship Fund is made available to assist and encourage the education of qualified active UGWA members, their spouse, children and/or grandchildren.

The Program is funded by donations from the Our Members and the Mountain States Ground Water Association. The fundraising auction held at the annual UGWA Conference & Expo is enthusiastically supported by our members & all proceeds benefit this program.

ELIGIBILITY:

- * **An** active UGWA member, their spouse, child or grandchild;
- * **And** the sponsoring UGWA member has been in good standing for a minimum of two (2) consecutive years prior to application;
- * **And** a student who is currently enrolled or planning to enroll within 6 months from award, in a full-time course of study at an accredited two or four year college, university or vocational-technical school;
- * **And** who is accepted by that institution during the year which the scholarship is given;
- * **And** have completed the Association's scholarship application with required supporting documentation;
- * **And** complete application is received by June 15 of each calendar year in which scholarships are awarded;
- * **And** have not previously received 4 scholarships from this fund.

HOW TO APPLY: You must submit all information in the format you feel will best show your achievements and accomplishments during your scholastic career. Scholarship selection will be based on the following information submitted for review:

Fully Completed UGWA Scholarship Application Cover Sheet;
Academic Record/Grade Transcripts fro the most recent school year;
Minimum of 3 Current (6 months or less) Written Recommendations from Teachers, Advisers, etc.;;
Application Essay which will include:
 Extracurricular Activities and Leadership Experience:
 Community Service
 Educational and Career Goals;
 Work Experience and History.

DEADLINE: All applications must be **RECEIVED no later than June 15th**. Incomplete applications will not be considered. All submittals will be confidential. No UGWA members will be directly involved in the selection process.

SCHOLARSHIP AWARD: The scholarship award will be in the amount of \$2,000. The number of awards will be based upon the funds available in the Association's Scholarship Fund. Scholarship awards will be based on upon the merit of the applicant and the selection process will be made by an independent auditor such as the Salt Lake Community College, Office of Financial Aid.

All awards will be made by check payable jointly to the student and the sponsoring member and must be endorsed by both. A maximum of 4 annual scholarships are available to any one applicant unless the applicant is obtaining an advanced degree or furthering their education in a related field to the association at which time they may receive a scholarship for an additional 2 years, not to exceed a maximum of 6 years total.

DEFERAL: In the that event community/civil service prevents an applicant from timely submitting an application for a current school year, consideration may be given for a future year's scholarship. The applicant must submit a request and explanation for deferred consideration, along with any supporting documentation, with their completed application. Deferral requests will be reviewed on a case by case basis by the current sitting UGWA Board.

SUBMIT COMPLETE APPLICATION TO:

Utah Ground Water Association
5577 Walden Glen Dr
Murray UT 84123-7942

NOTE: If selected, you will be asked to provide: applicant's date of birth, social security number and a 4x6 photograph prior to the receipt of funds.

2022 UGWA Conference Recap

Mesquite, NV—January 5-7, 2022

Thanks to everyone that attended our recent conference in Mesquite January 5th-7th. This year we had 148 attendees and 22 vendors. It was a well-attended conference and it was great to have everyone back together as we continue to navigate the limitations with the pandemic.

Thanks to Steve Price/Delco Western for their continued support of the Golf Tournament. We had 44 participants. The Rick and Christine Finney foursome won the overall tournament. Rick also won both long drive holes and Al winters and Christine Finney won the closest to the pin holes.

As in past years, thanks to Dave Worwood/4-D and Charlie Fox/Franklin Electric for putting on the skeet shoot even too. This event was well attended with over 40 participants as well. Casey Weaver won first place, Todd Batty took second and Paul Nordof took third place. They won \$100, \$50 and \$25 respectively.

Later in the day on Thursday we kicked off the presentations with a review of Utah Well Rules, Issues and Updates from Jim Goddard, followed by Dean Wygal with Grundfos pumps presenting on Solar Applications for Pumps and our 2022 McElhiney Lecturer, Kevin McGillicuddy, speaking on Surface Water and Groundwater Interaction. These were great presentations that provided great insights for everyone to continue providing great service to all of our clients and make sure we protect the groundwater in Utah.

Thursday night we got to enjoy the banquet and auction. Jeromy Anzalone again played auctioneer and did a great job. It was fun to see everyone getting back into the same competitive spirit. We didn't skip a beat after nearly 2 years. We raised just over \$14,000 for the scholarship fund and \$726 for the crisis fund. Thank you to everyone that participated, including those that did not bid, but still donated anyway.

Friday we kicked off the day with an update from 2 years ago on Planning for Public Supply Wells with Diedre Beck. Then our presentations took a turn to a business management angle with Larry Oxenham presenting on how to manage and minimize tax burdens and protect ourselves from lawsuits. Charles Kile presented on Marketing and Business Development using Technology and Bob Coursey gave us a legal update in-

We also had our general membership meeting and board elections which saw Richard Peterson elected as President Elect and Scott Greenhalgh elected as the newsletter editor. Thank you to Mike Anzalone who moves into our Past Presidents position for all of his hard work while filling the president's seat.

The conference is only possible due to all of the support from Colette Lynch and our other volunteers Carmella Worwood and Rachael Ritter as well as our sponsors.

Thanks to our Platinum Sponsors 2M, Mitchel Lewis and Staver, Western Hydro and Delco Western. Thanks to all of you for your hard work and support.

We look forward to the Moab Retreat June 9th-11th. More information to follow for that.

The registration for next year has also been opened for our annual conference back in Mesquite January 4th-6th. We look forward to seeing you all then. Thanks again for everyone's participation and we look forward to seeing you again next year.

Mark Chandler

THE RIGHT SOLUTION, EVERY TIME

PUMPS • MOTORS • CONTROLS

Mitchell's offers an assortment of quality products and the technical expertise to help you select and size the right components or packaged system for your next project. Mitchell's innovative team of engineers design for efficiency and build to meet your unique requirements.

From 4" submersible pumps and motors to vertical turbines to centrifugal jet pumps, customers depend on Mitchell's quick response time to deliver results. Our trucks are always on the move to meet your needs.

Need Continuing Education Credits?

If you need continuing education (CE) credits to maintain your driller and/or pump installer license and are not sure what to do since the Mesquite 2021 UGWA convention has been cancelled, there are numerous other opportunities to get CE credits.

Due to the pandemic, Jim Goddard and the Utah Division of Water Rights DWR are more flexible in accepting applicable online training for CE credits. The DWR has numerous training videos that are accessible from their website www.waterrights.utah.gov, the direct link to the videos on their You Tube channel is here:

(www.youtube.com/channel/UCLhX3rovw8Do_oU-AIybtWA).

If these videos don't interest you, there are other online trainings that are approved by the DWR. You can contact [Jim Goddard](#) directly for help and any questions you may have.
