## Letter From The President Casey Curtis

Hello All,

Summer is here and we're all feeling it. But I will refrain from sharing my thoughts on global warming. As we reach these triple digit days, remind your field employees to watch for signs of heat exhaustion and heat stroke. Look out for one another so everyone can go home safely every day.

Speaking of heat, we had our annual Moab Summer Retreat in June. We had a record turnout this year. It was great to see everyone there and we hope to continue to see more of you join us. This is a great opportunity to bring your families to enjoy the Friday evening BBQ and ATV run on Saturday. I recently saw something that gave me a chuckle. I thought I'd share.
